Brand New Book ***** Print on Demand *****.Excerpt from Teachers Manual of Lessons in Language In this introduction will be found certain suggestions that are applicable to several grades of pupils. Those suggestions and details of work which are particularly designed for a single grade follow this introduction and are arranged in chapters whose titles designate the grade to which they are applicable. The name of the grade, as used in this book, corresponds, in all cases, with the number of the year of school work. Classes of higher grades must often review the work of lower grades. When a subject, already partially treated, is to be taken up anew, it will usually be best to begin with a review of the work already done in this subject. There are two lines of work - oral and written - that must be carried on simultaneously almost from the first.
