Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Despite initially having a touch of the Adrian Mole Diaries (Sue Townsend) about them, these are entries from my own edited diaries from 1982 - 1984: the time of the Falklands Conflict, Cruise Missiles at Greenham Common, the Cold War, the Miner s Strike, Scargill, the Brighton Bomb, the IRA, the Ethiopian famine and the first hacking at the Welfare State. On 12th January 1982 I was admitted to hospital with bacterial meningitis after losing consciousness to an intense head pain. Two days later I woke up, groggy but in one piece and from that moment decided I d write about the world through the eyes of a 18 year-old dumb, naive, clumsy kid still living at home in a small town in Thatcher s Britain intent on getting himself an education in the School of Life. I d accept most of what I d write would be rubbish but sometimes, inevitably, I d turn up something rare and shiny. There s no genius on display here, no great insights - just sheer stubborn determination to liberate myself from a narrow world-view. True, I d make no money, sign on and scrape an existence on 17 dole a week but at least by not working I was perversely harrying the Thatcher beast, at least that s how I saw it then. State school largel failed me; I got the education I needed to carve the creative life I wanted from my own efforts and by drawing on the social, cultural and political landscape of the early 80 s. You had to be there. I was. Will the real Billy Elliot please stand up?.
