In its aftermath, Arthurs newspaper closes, owing him money, and all his debts come due at once. His fianc Josephine takes a job as a stenographer for some of the fashionable spiritualist and occult societies of fin de sicle London society. At one of her meetings, Arthur is given a job lead for what seems to be accounting work, but at a salary many times what any clerk could expect. The work is long and peculiar, as the workers spend all day performing unnerving calculations that make them hallucinate or even go mad, but the money is compelling. Things are beginning to look up when the perils of dabbling in the esoteric suddenly come to a head: A war breaks out between competing magical societies. Josephine joins one of them for a hazardous occult explorationan experiment which threatens to leave her stranded at the outer limits of consciousness, among the celestial spheres. Arthur wont give up his great love so easily, and hunts for a way to save her, as Josephine fights for survival. . . somewhere in the vicinity of Mars. This item ships from multiple locations.
