Reviews

This ebook could be worthy of a read through, and far better than other. I am quite late in start reading this one, but better then never. I realized this publication from my dad and i advised this publication to learn.

(Stefan Von)

AVALON

HarperCollins Publishers Inc. Paperback. Book Condition: new. BRAND NEW, Avalon, Mindee Arnett, For fans of Josh Whedon's cult classic television show Firefly comes a fascinating and fast-paced sci-fi thriller from author Mindee Arnett, which New York Times bestselling author Kiersten White calls "a heart-pounding, tense joyride of a novel." Jeth Seagrave and his crew have made their name stealing metatech: the devices that allow people to travel great distances faster than the speed of light. In a world where the agencies that patrol the outer edges of space are as corrupt as the crime bosses who control them, it's as much of a living as anyone can ask for. For years Jeth's managed to fly under the radar of the government that executed his parents for treason-but when he finds himself in possession of information that both the government and the crime bosses are willing to kill for, he's going to find there's no escaping his past anymore. With pulse-pounding action, a captivating mystery, and even a bit of romance, Avalon is the perfect read for hard-core sci-fi fans and non-sci-fi fans alike.
