

Periodic Table in Minutes

By Dan Green

Quercus Publishing, United Kingdom, 2016. Paperback. Book Condition: New. 141 x 132 mm. Language: English . Brand New Book. An icon of science, the Periodic Table defines the fundamental chemistry of everything in the universe. In this compact yet comprehensive guide, Dan Green outlines the history, development and workings of the table, shows how its design reflects and illuminates the organisation of all matter, and even explains what it has to tell us about the chemistry of distant stars and of our own bodies. Contents include an individual entry for every known element - detailing properties, uses and key data - and sections on the patterns and groups of the famous table, as well as explanations of basic chemistry concepts such as elements and compounds, atomic structure, chemical bonds, reactions and radioactivity, amongst many others.
