Brand New Book ***** Print on Demand *****.Excerpt from Maine Commissioner of Education Gains Per Contra 1905 It is worth while, occasionally, to recount our blessings. One does not have to look far, or closely, to discover that improvement has been made in the schools of Maine through the interest manifested and work done by parents, school officials, teachers and pupils. The time has arrived when a somewhat detailed statement of the facts is justified. Money. Many municipalities, at the last town meeting, voted larger sums for the maintenance of schools than were asked for by the school committees. This action indicates that the day has passed when voters are willing to sustain a motion that the amount required by law be raised for schools. It also shows they are intelligently considering two questions: First, the needs of the schools and second, the extent to which their resources will allow their demands to be met. When these questions shall have been discussed and decided in the right spirit, the welfare of the school will be assured. Interest And Work. The evidences of an interest on the part of a majority of our people in the improvement of the school are too numerous for rehearsal. They come to the department through correspondence, reports of officials and personal testimonies. There is a disposition to look for the best things in the work of the teacher and the results achieved. There is much less carping because of the enjoyment the faultfinder derives from criticising and nagging. There is a willingness to work for and with the school. Material is supplied and service rendered to a much greater extent than in former years. About the Publisher Forgotten Books...
