

## How to Make Your Own Free Website: And Your Free Blog Too

By Jason Matthews

Createspace, United States, 2010. Paperback. Book Condition: New. 203 x 132 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Want your own free website and a free blog too? Did you think only a professional web-designer could create that? If so then you re in luck, because it s never been easier or less expensive to make your own free website. Yes, you really can do this; anyone can because it s easy. There s no need to learn advanced HTML coding anymore because venues have made it simple with WYSIWYG editing (what you see is what you get). If you can use a word processing program, then you can build a website. This book is a comprehensive, straight to the point, simple to follow guide. It s written in terms anyone can understand from the computer beginner to advanced users who will benefit from extra advice. Jason Matthews is also the author of, How to Make, Market and Sell Ebooks All for Free, and he knows from experience a myriad of online tools, programs and software that are freely available for anyone to make the most of an internet career at absolutely no cost. With this...
