Brand New Book ***** Print on Demand *****.Army Techniques Publication ATP 3-57.70 Civil-Military Operations Center May 2014 provides techniques for Civil Affairs operations (CAO) planning, training, and execution of doctrinal guidance for commanders and their staff and for leaders who are responsible for establishing a civil-military operations center (CMOC) to conduct CAO. These doctrinal principles are intended to be used as a guide and are not to be considered prescriptive. This manual portrays a framework in which a CMOC supports commands from the tactical to strategic level. This publication includes doctrine discussions that are applicable to all Civil Affairs (CA) units supporting the ever-changing civil component of the operational environment (OE). The CMOC provides supported commanders with the control instrument that plans CAO. It assists commands with coordination of civil-military operations (CMO) by providing cultural awareness military-to-host nation (HN) advisory activities and civilian professional skills that parallel governmental functions facilitating stability-oriented unified land operations. The Army conducts unified land operations. Unified land operations represent the Army's contribution to joint operations and the requirement to achieve unified action. This publication is a new publication that illustrates techniques that Army CA forces utilize to establish a CMOC in order to integrate, coordinate, and/or...
