Even the name Buddhism doesn t mean that they really pray to Buddha, but rather try to emulate the ways of Buddha - the man that reached enlightenment. In fact, the world Budhi means to have awaken which in Buddhism means to reach enlightenment. The religion was started by a man named Siddhartha Gautama, the founder of this spiritual religion or philosophy, if you will, and the first man to reach enlightenment; hence, he is colloquially referred to as Buddha. Siddhartha was born into a wealthy and influential family in the 4th century B.C., in Eastern India. Due to a prophetic telling, his father decided to keep him away from the outside world so that he would instead concentrate on being a great prince. Despite his father s attempts he was able to get outside of his father s walls to see the outside world in which he saw an old man, a sick man, a dead man, and an abstinent holy man. The holy man was the only one at peace so he decided to follow him. Why Should You Purchase And Read This Book? = > 1. Its Short And Informative No Fluff!! = > 2.
